**Gold Port Resources Exploration Progress at Akaiwong**

*Vancouver* – Gold Port Resources Inc. (The “Company”) (TSX-V:GPO) is pleased to announce the completion of nine holes at the Akaiwong Project, located in Guyana. The Company owned Ingetrol Explorer rig has drilled nine holes to an approximate depth of 100 meters each. The intent of the program is to explore near surface gold targets, and identify further targets for follow up drilling. The Company has also purchased an Acker M8 track mounted drill system which will be used for deeper drilling.

Core is being split and sent to ACME Laboratories in Guyana for preparation. Assays will be completed at ACME Laboratories of Vancouver, B.C., Canada. On site security is being provided by corporate employees whom are registered constables in the country of Guyana.

On behalf of the Board of Directors of Gold Port Resources Ltd.

Adrian F.C. Hobkirk  
President and C.E.O.
